Sir:

My secretary inquired as to why we have not received a filing receipt for the above-referenced patent application and she was told that the file had been misplaced. She was asked to resubmit a copy of the application as filed. Enclosed is a true copy of the application as filed and a copy of the return postcard showing the assignment of application number 10/664,100 by the USPTO on September 17, 2003.

Please contact me if I can be of further assistance.
